

Buyer Pre-Purchase Checklist

What to consider before purchasing a smart or connected adult device

- Can you easily determine who the vendor is?
- Review the Vendors website, do they have a privacy policy?
 - If there is a privacy policy, is it understandable?
- Review the Vendors website, do they have a page talking about security?
- Check the vendors FAQs
 - Is an account required to be created for you to use the device?
 - If an account is required, can it be deleted by you or upon request?
 - Is the device locked to an account? Can it be reassigned?
 - Do they support extra authentication methods on accounts (2FA)
- What features does it have?
- Do you understand and are comfortable with those features?
